ABOUT THE EVENT

The Ghana Business Standard Awards seek to celebrate organizations committed to remarkable business standards in their sectors, and industry leaders breaking barriers of excellence across the Ghanaian business region and the world at large. The Ghana Business Standard Awards (GBSA) provide a platform to encourage the introduction of standard processes, services or products, and the improvement of existing methods or practices to affect positive change in the businesses of Ghana. The Awards recognize standard-makers, excellence achievers and responsible organizations and individuals which adhere to the local business requirements while consistently improving their organization's performance.

AWARDS PROCESS

1. Companies and business leaders in Ghana are nominated by an independent Research Board.
2. All information submitted according to the criteria of the category, will make the nominee eligible as a candidate.
3. Documents will be compiled and submitted to the research board and complete evaluation on the information. Dossiers are created and submitted to the awarding board.
4. Participants will be judged by an independent awarding board, appointed by the chairperson of the awarding board.
5. The awarding board reviews the shortlist by the Research Board and then determine the finalists for each category.
6. Award Confirmation letters are written to the individuals and companies after Awarding Board Approval
7. The winners will be announced at the gala dinner.
8. The finalist has to be present to accept their trophies at the award ceremonies.

AWARDS CRITERIA

The companies and individuals selected for the Ghana Business Standard Awards are evaluated and graded by the Awards' Research Board, by running an independent survey using engagement methodologies under the selection criteria below:

- Quality
- Innovation
- Market Dominance
- Business Resilience
- Customer Loyalty
- Corporate Responsibility
- Industry Merits.

ABOUT THE EVENT COMPANY

PROFILES

DUTYLEX COMPANY LIMITED

Dutylex Company Limited specializes in providing advanced lubricant solutions for industries such as Mining, Oil and Gas, Construction, Energy, Marine, and Quasi sectors. They offer high-performance lubricants designed to enhance productivity, reduce costs, and extend the durability of equipment. Additionally, Dutylex provides comprehensive technical support, including oil analysis and engineering services, ensuring that customers fully benefit from their products. The company's focus on quality and efficiency drives its commitment to delivering cutting-edge solutions tailored to the needs of its clients across various critical sectors of the economy.

SEWERAGE SYSTEMS GHANA LIMITED

Sewerage Systems Ghana Limited (SSGL) is a fully Ghanaian-owned Engineering, Procurement, and Construction (EPC) company that specializes in providing innovative liquid waste management and treatment solutions. As a leader in the industry, SSGL has successfully built five state-of-the-art treatment plants and rehabilitated an existing wastewater treatment facility in Ghana. The company's expertise in managing liquid waste has positioned it as a key player in addressing environmental challenges. Expanding its impact beyond Ghana, SSGL is now extending its services across Africa to tackle the continent's growing liquid waste challenges, aiming to improve sanitation and public health on a broader scale.

TEKSOL LIMITED

TekSol Limited, established in Accra, Ghana, in October 2009, is a rapidly expanding software development company. The firm provides a comprehensive range of professional services, business solutions, and products designed to enhance business performance and flexibility. TekSol specializes in developing and delivering software solutions that capitalize on the power and complexity of the latest internet and mobile technologies. The company's innovative approach helps businesses optimize their operations and adapt to changing market demands. TekSol Limited is recognized as a member of the prestigious Ghana Club 100, underscoring its commitment to excellence and leadership in the industry.

H2 SOLUTIONS AFRICA (H2S)

H2 Solutions Africa (H2S) is an ISO 27001 certified company specializing in digital transformation services. The company has a strong focus on Business Intelligence Infrastructure, IT Security, and Datacenter Modernization. H2S delivers customized Service Level Agreements (SLAs) and offers comprehensive Managed Services, ensuring that enterprises receive reliable, innovative, and secure IT solutions. With a commitment to excellence, H2S provides cutting-edge technology and expert support to help organizations navigate and succeed in the digital landscape. Their solutions are designed to enhance operational efficiency, protect data integrity, and drive business growth across various sectors.

EUSBETT HOTEL

Eusbett Hotel Limited and its International Conference Centre (EICC) appear to have made a remarkable impact on the hospitality industry in Ghana. The addition of the EICC addressed a significant need for large-scale conference facilities, making it a valuable asset for both local and international events. The hotel's focus on sustainability, with its solar power system, biogas digesters, and LED lighting, underscores a strong commitment to environmental responsibility. The organic greenhouse and cattle ranch further highlight its dedication to providing high-quality, healthy food for its guests. The numerous awards Eusbett Hotel has received, including the prestigious CIMG Hospitality Facility of the Year and the Sustainability Award, reflect its excellence in service and innovation. The success of Eusbett Hotel not only showcases the potential of indigenous businesses outside the capital city but also sets a high standard for the hospitality industry in Ghana. It's impressive that the hotel has managed to blend modern, eco-friendly practices with exceptional service, earning it a distinguished reputation. If you have any specific questions or need more details about Eusbett Hotel or its achievements, feel free to ask!

GOLDEN STAR

GOLDEN STAR WASSA LIMITED

Golden Star Wassa Limited (Wassa) is a gold mining company located in Southwestern Ghana, in operation since 2003. Initially focused on surface mining, Wassa transitioned to underground mining in early 2018 after achieving commercial production at Wassa Underground on January 1, 2017. In January 2022, Wassa was acquired by Chifeng Jilong Gold Mining Co. Ltd. (Chifeng Gold), a prominent company listed on the Shanghai Stock Exchange, with multiple operating mines across the Asia Pacific region. Chifeng Gold's acquisition aims to enhance Wassa's growth, targeting an annual production of 300,000 ounces of gold. With a market capitalization of \$4.3 billion, Chifeng Gold is committed to investing in Wassa's underground and surface operations to unlock its full potential.

TANG PALACE HOTEL

Tang Palace Hotel in Accra is a premier choice for both business and leisure travelers, offering luxurious accommodations and diverse amenities. It features a range of rooms, including a Presidential Suite with top amenities, a refined Ministerial Suite, Deluxe Rooms for comfort, and Executive Rooms for business needs. Dining options include a Continental Restaurant, an authentic Chinese Restaurant, a Lounge Bar, and a Pool Bar. For events and conferences, the hotel provides spacious conference rooms, intimate boardrooms, and a versatile Events Centre. Facilities include a swimming pool, fitness centre, and business centre. Conveniently located near Kotoka International Airport, the business district, and tourist attractions, Tang Palace Hotel combines elegance with excellent service, making it a standout option in Accra.

RIEPCO

RIEPCO, established in 1985 and based in Tema, Ghana, operates under the Company's Act 2019 (Act 992). The company specializes in lubricants (chain oils, compressor fluids, etc.), consumables (valves, fluid couplings), engineering services (conveyor systems, gear cutting), and field services (rubber lining, sand blasting). It also provides technical stores with bearings, cutting discs, and welding equipment. Committed to customer satisfaction, RIEPCO ensures orders are fulfilled according to specifications and shipped on time from facilities in Obuasi, Tarkwa, Ivory Coast, and Burkina Faso. Known for its flexible and responsive team of engineers and technicians, RIEPCO excels in addressing complex industrial challenges.

SUPERMARITIME GHANA LIMITED

Founded in 1987, Supermaritime is a privately owned maritime agency and logistics provider with 34 offices across 16 countries, prominently in West Africa. The company's core values are safety and compliance, customer focus and flexibility, innovativeness and open-mindedness, and trustworthiness and teamwork. In Ghana, Supermaritime offers a range of services, including port agency for all vessel types, oil and gas/offshore logistics support, and husbandry services such as airport meet-and-greet, accommodation, travel, immigration assistance, and personnel transportation. Additionally, the company provides clearing and forwarding as well as project logistics. Supermaritime's strong international presence and comprehensive services highlight its commitment to excellence in maritime and logistics solutions.

MDS-LANCET LABORATORIES

MDS-Lancet Laboratories is Ghana's leading private medical laboratory, accredited with ISO 15189:2022. It offers over 4,000 pathology tests, including routine screenings and specialized diagnostics for individuals, corporate health, medical research, and occupational health. With a team of over 400 professionals, MDS-Lancet provides accurate, reliable results to enhance patient management. The laboratory operates more than 30 sites across Ghana, processing over 3,500 patients and 8,500 samples daily. As a joint venture between Quest Healthcare Limited (Ghana), Lancet Laboratories (South Africa), and Cerba Healthcare (France), MDS-Lancet is part of the Cerba Lancet Africa group, a leading network in clinical pathology across Africa. The company has received over 35 national and international awards for its quality customer service and technological innovation, reflecting its commitment to world-class medical diagnostic solutions and improving community health.

FIASEMAN RURAL BANK

Fiaseman Rural Bank is one of the most competent financial intermediation companies in the rural and community banking industry. But the real reason why it should be closely monitored through 2023 is that as an industry leader, it is expected to show the rest of the industry how to navigate through the challenges being thrown up by Ghana's ongoing economic difficulties and the policy decisions requisite for restoring macroeconomic stability and sustained strong growth and ARB Apex Bank, the mini central bank for rural banks is one of the key institutions of state that is looking up to Fiaseman to play that role. Mr. Godfred Frank Opoku is the Chief Executive Officer of Fiaseman Rural Bank Plc. He is an astute banker with over 30 years of experience in banking. He holds a Master's Degree in Administration (MBA), Accounting option,

Following the acquisition of 100% equity stake in the West Africa Operations of International Commercial Bank by FirstBank of Nigeria in 2013 and upon the approval of the Bank of Ghana, the name of the Bank was changed to First Bank Ghana LTD.

AVIANCE GHANA LIMITED

Aviance Ghana Limited is a premier full-service ground handling company based at Kotoka International Airport (KIA) in Accra, celebrating 29 years of operation in October 2023. With a workforce of 912 employees, Aviance Ghana holds a full ground handling license and is certified and regulated by IATA ISAGO. The company commands a significant market share with 65% for passenger and ramp services and 63% for commercial cargo flights, based on 23 airlines. In 2022 and 2023, Aviance handled 15,853 and 16,521 flights, respectively. It offers competitive rates for combined passenger, ramp, and cargo services. Aviance has been awarded the Domestic Ground Handling license for all domestic airports in Ghana and has seen infrastructure expansion with the addition of new international terminals at Kumasi and Tamale airports.

HAPAG-LLOYD

Hapag-Lloyd, a stalwart in the global liner shipping industry, commands a fleet of 264 contemporary vessels, annually transporting 11.8 million TEUs across 135 countries through a network of 398 offices. With a vision to set the benchmark in container shipping, Hapag-Lloyd pledges unparalleled reliability and service quality. In the liner shipping segment, the company's robust fleet, boasting a Capacity of 2.0 million TEUs, ensures swift and dependable connections between over 600 ports worldwide. Hapag-Lloyd's commitment extends beyond shipping, with stakes in 20 terminals globally, strategically located in Europe, Latin America, the United States, India, and North Africa. These terminals, complemented by logistics services, underscore the company's holistic approach to the shipping ecosystem. Hapag-Lloyd's prominence in vital ocean carrier trades, including Transatlantic, Middle East, Latin America, and Intra-America, attests to its prowess in navigating the intricate landscape of global trade. As a leading force, Hapag-Lloyd stands as a steadfast partner, steering the industry with efficiency, reliability, and an unwavering commitment to quality standards.

FAIRAFRIC

Fairafric is a German-Ghanaian social business dedicated to enhancing value addition, impact, sustainability, and job creation through chocolate production in Ghana. Based in Amanase-Suhum in the Eastern Region, Fairafric produces organic chocolate from bean to bar. The company offers a diverse range of products, including 12 varieties of organic chocolate bars in both milk and dark options. Their artisanal line features pralines, fruit dips, fruit balls, coated almonds, and tiger nuts, among other specialties. Fairafric's mission centers on creating employment opportunities and supporting local communities while delivering high-quality chocolate products. By integrating sustainability into their operations and emphasizing local sourcing and production, Fairafric not only contributes to the local economy but also ensures a positive impact on the environment. The company's focus on both social responsibility and premium chocolate craftsmanship reflects their commitment to creating a meaningful difference through their business practices.

MAYIYA INVESTMENTS LTD

Founded in February 2014, Mayiya Investments Ltd is a company specializing in agribusiness value chain facilitation, consulting services, and market linkage. The company focuses on integrating social enterprise and environmental practices to support smallholder farmers by enhancing their production capacities and connecting them to global markets. This approach ensures the delivery of high-quality, safe agricultural products. Mayiya Investments Ltd is notable for its innovative practices, including a solar-powered seed production center and an organic fertilizer production center. Additionally, the company operates an outgrower scheme that helps farmers scale their operations and improve productivity. By combining advanced agricultural techniques with sustainable practices, Mayiya Investments Ltd aims to drive positive changes in the agribusiness sector and contribute to the overall development of the agricultural value chain. Their commitment to integrating social and environmental considerations into their business model highlights their dedication to both economic and community developments.

NSOROMA

NSOROMA is Ghana's leading telematics company, with a 15-year track record in enhancing fleet management and operational efficiency for businesses. Specializing in world-class vehicle tracking, fleet management, fuel monitoring, and other IoT technologies, NSOROMA has established itself as a key player in optimizing fleet use and driving cost savings. The company's solutions are designed to provide comprehensive insights and control over fleet operations, helping businesses improve efficiency and reduce expenses. NSOROMA's impact extends to a broad range of clients, including major local companies and multinational corporations across Africa. By leveraging advanced telematics and IoT technologies, NSOROMA supports businesses in achieving higher levels of operational performance and resource management. Their expertise in fleet optimization and commitment to delivering cutting-edge solutions have made them a trusted partner in the telematics industry, contributing to the success of hundreds of organizations.

EMIRATES

Emirates is a globally acclaimed airline, known for operating the largest fleet of wide-body Boeing 777 and Airbus A380 aircraft. Based in Dubai, Emirates serves over 140 cities across six continents, leveraging its efficient hub to connect people worldwide. The airline is celebrated for its exceptional services both on the ground and in the air, provided by a dedicated team of employees from over 170 countries. Emirates is deeply committed to supporting local communities through a wide array of international sports and cultural sponsorships, fostering global connections. Additionally, the airline emphasizes environmental responsibility, focusing on three key areas: reducing emissions, consuming resources responsibly, and preserving wildlife and habitats. Through these efforts, Emirates aims to balance its operational excellence with a strong commitment to sustainability and community engagement, reinforcing its role as a leader in the global aviation industry.

ORICA

Orica Ghana, a subsidiary of Orica Pty Limited, specializes in the distribution of explosives and chemical products for mining and related services. The company serves major local and international clients in sectors such as open-pit and underground gold mining, stone quarrying for road construction and sea defense, limestone for cement production, and tunneling for hydroelectric power generation. Founded in 1874, Orica began by supplying explosives to the Victorian Goldfields in Australia and has since grown into the world's largest provider of commercial explosives and innovative blasting systems. Orica Ghana, as part of this global network, is committed to mobilizing the earth's resources safely and sustainably, aiming to be the leading provider of mining and infrastructure solutions. With a presence in over 100 countries, Orica offers state-of-the-art technology and expertise to enhance productivity, safety, and environmental performance for its customers. The company's mission reflects its dedication to combining advanced technology with sustainability and excellence in the mining and infrastructure sectors.

ST JOHN'S HOSPITAL & FERTILITY CENTRE

St John's Hospital & Fertility Centre, established on November 12, 2012, in the Ga North Municipality, has evolved from a modest facility with three beds and five staff to a well-equipped hospital with over thirty beds and a team of 130 professionals. The hospital's vision is to lead in general and specialized healthcare, focusing on women and child health. Its mission emphasizes customer relationship management and staff dedication to ensure loyalty and high-quality care. With a decade of experience, St John's provides a broad range of services, including obstetrics and gynecology, emergency medicine, pediatrics, urology, general surgery, and more. Additional facilities include a laboratory, pharmacy, child-friendly clinics, and a canteen. Mrs. Maame Yaa Afriye, the CEO, brings over 15 years of experience and is pursuing a PhD in Health Policy and Management, driving the hospital's commitment to excellent, personalized care. Award-winning for its quality, St John's aims to remain at the forefront of healthcare by embracing innovation and expanding its services in reproductive health and beyond, ensuring it remains a top choice for comprehensive medical care.

JONMOORE INTERNATIONAL LIMITED

Jonmoore International Limited is a privately owned, independent transport and project logistics company operating in Ghana and the West African sub-region. Established in 1998, Jonmoore initially specialized in project logistics before expanding to offer a range of transport services, including Heavy & Abnormal Transport, General Transport, Warehousing & Storage, International Freight Forwarding, Specialist Equipment Hire, Offshore Marine Services, and Expert Project Management. The company's vision is to be the preferred transport and logistics service provider in the region, committed to delivering first-class service while adhering to the highest international safety standards. Jonmoore's mission is to exceed customer expectations through a culture of excellence and innovation. Over the years, Jonmoore has garnered numerous awards, including Best Haulage Company of the Year (2017), Oil and Gas Service Company of the Year (lifting) for five consecutive years (2016-2020), and Haulage Company of the Year (2024). These accolades reflect Jonmoore's dedication to high-quality service and continuous improvement. The company's success is attributed to its skilled team, cutting-edge technology, and commitment to customer satisfaction and sustainability.

ESOKO LIMITED

Esoko Limited, established in 2008, transforms African agricultural markets using technology. With over 16 years of experience, Esoko provides technology solutions and field deployment services to development organizations focused on poverty reduction. The company specializes in data collection, market information, and engagement platforms that empower rural communities and improve market interactions. Esoko collaborates with NGOs, government agencies, and social enterprises to profile beneficiaries, measure and report field data, and evaluate projects. Their services are designed to support impact-driven programs and deliver critical services to last-mile communities throughout Africa. By leveraging its expertise in technology and data, Esoko enhances the effectiveness of development initiatives and fosters more efficient market connections, contributing to poverty alleviation and agricultural advancement across the continent.

ENTERPRISE INSURANCE (EIC) LTD

Enterprise Insurance Company (EIC) LTD, Ghana's oldest general insurance provider, was founded in 1924 and is celebrating its 100th anniversary this year. Originating from the Royal Exchange Assurance Corporation of the UK, the company evolved through various names, becoming Enterprise Insurance Company Limited and is now a subsidiary of Enterprise Group PLC. EIC holds the highest AAA rating from GCR South Africa, reflecting its strong claims-paying ability. The company is distinguished as a CIMG Hall of Fame member and was named General Insurance Company of the Year at the 2023 Chartered Insurance Institute of Ghana (CIIG) awards, marking its second consecutive win. Notably, EIC offers a Same Day Claims Payment service for minor motor claims, showcasing its financial strength and commitment to customer satisfaction. In 2023, EIC was the largest claims payer in Ghana's insurance industry, disbursing over GHS 120,000,000 in claims. The company's corporate social responsibility focuses on education, road safety, and health. For inquiries, contact them at 0302634777 or via email at customerservice.insurance@myenterprisegroup.io or info.insurance@myenterprisegroup.io.

Since its inception in 2008, It sets out to make an essential and tangible difference in the real estate development landscape in Accra and beyond. Thus, unlocking new property value at highly commendable rates. Our developments aim to be beneficial to our clients, property investors, and the local communities where they are nestled.

KEMPINSKI HOTELS

For more than 125 years, Kempinski has been welcoming guests to spectacular destinations in the most stunning style. Together we've explored the world and discovered new places, possibilities and horizons. The very epitome of luxury, our brand is passionate about creating and crafting rich, meaningful and memorable experiences for every guest. From Berthold Kempinski's humble roots as a Berlin-based wine merchant back in 1897, the Kempinski brand has come a long way. Now with spectacular hotels on several continents, we are proud of every step we have taken on this remarkable journey. And while much has changed, we've also taken great care to remain authentic and true to our heritage. We ensure our guests are the foundation around which we craft every part of the travel experience. We select the destinations and sculpt the properties that fit perfectly with our vision and the dreams of our discerning guests. Whether it's lovingly renovated iconic landmarks or modern architectural masterpieces, style, quality and individuality permeate every one of our hotels. Our pools, spas, gyms, bars and restaurants are the epitome of elegance.

GHANA UNION ASSURANCE

We work closely with you to control and mitigate the business risks your company faces everyday – internal, external, and ever changing. This holistic risk approach results in the transparency needed to enable businesses to inspire trust and be prepared to act on opportunities. In a very complex business ecosystem, trust is a two-way street. Companies need confidence in the controls and compliance capabilities of their partners, vendors, and suppliers.

*Transparency

*360° Approach

*Low Risk Attitude

*Fast Paced Diligence

Addition to the herbal treatment given to our patients, we make sure follow ups are done every week in order to know the condition of our patients.

SONOTECH MEDICAL CENTER

Sonotech Medical Center is a legally registered privately owned Ghanaian company offering 24 hours clinical and medical diagnostic imaging services with modern facilities with three branches in Osu-Danquah Circle, Community 9 in Tema and inside the West hills Mall at Dukonah near Weija, off the Accra - Kasoa highway. Sonotech offers clinical, diagnostics and pharmacy services in all branches managed by highly skilled and motivated health professionals and well recognised specialists in various medical field. The company currently employs about 95 fulltime staff and over 60 part-time hands that sustain the 24-hr service provision. The company is known within the space for timely and quality of reports produced. This has been the reason why big-name health facilities like the Police hospital, Ridge hospital, KorleBu and LEKMA hospitals prefer to refer patients to Sonotech. Other Referrals are often from Tema General Hospital, Tema Poly Clinic, Ashaiman Polyclinic and international Maritime Hospital among others with significant number of clients and referrals from health facilities in other regions of the country.

THE TRUST HOSPITAL

THE TRUST HOSPITAL

The Trust Hospital was established in 1992 as a not-for-profit health facility to provide healthcare to SSNIT staff and their dependents. The facility was later upgraded into a full-fledge hospital to extend its services to the general public. The Trust Hospital was incorporated in November, 2010 as The Trust Hospital Company Limited. We have four (4) Hospitals- The Trust Hospital, The Trust Mother and Child Hospital, The Trust Premium Hospital and The Trust Specialist Hospital and five (5) Satellite Clinics. The Trust Specialist Hospital located at Osu, Kuku Hill is a subsidiary of The Trust Hospital Company Limited. It became operational in September 2012. The major departments at this facility are Ophthalmology, Ear, Nose and Throat (ENT), Dental and Physiotherapy. There are two Theatres at this facility. The Trust Mother and Child Hospital, located at Troas Crescent in Osu has an ultra-modern facility that takes care of Obstetrics and Gynecological cases and Paediatrics.

GHANA POST

Ghana Post operates in both domestic and international markets, catering to the public, institutions, and organizations. It holds exclusive rights to accept and deliver letters weighing up to 100 grams within Ghana. The company provides parcel and courier services through its core postal and EMS services, competing with over thirty private operators, including DHL, FedEx, TNT, UPS, and BKB, in both domestic and international markets. Notably, Ghana Post has been handling last-mile deliveries for competitors like Aramex, DHL, and FedEx in the Ghanaian market over the last two years. To enhance its services, Ghana Post's mail operations are integrated with internet-based systems like 'Rugby' and 'Cricket' for EMS and parcel inquiries. The International Postal System (IPS), managed by the Universal Postal Union (UPU), facilitates global data exchange on mail movement, enabling tracking and tracing of EMS, parcels, and registered items. Ghana Post's mission is to provide prompt, efficient, reliable, and secure communication and financial services to both domestic and foreign customers for profit.

OmniBSIC BANK

OmniBSIC Bank is a universal bank formed through the successful merger of OmniBank and Sahel Sahara Bank, driven by the Bank of Ghana's 2017 consolidation directives, which included a significant increase in the minimum capital requirement. The merger is noted for its synergy, as both banks shared similar business models, values, and a strong commitment to customer service. The collaboration among shareholders, directors, management, and staff was pivotal in achieving this union, making the bank a more formidable player in the financial services industry. OmniBSIC has strengthened its corporate governance structures and invested in infrastructure to align with regulatory requirements, ensuring integrity, transparency, and accountability in all operations. With its headquarters at Atlantic Tower, Airport City, and a branch network of 40 across Ghana, the bank offers a comprehensive range of products, services, and digital solutions tailored to corporate, SME, and individual customers. OmniBSIC is committed to delivering exceptional banking experiences and continues to invest in technology and staff development, with employees selected and trained through rigorous programs. The bank also supports the communities where it operates, reinforcing its dedication to excellence and customer satisfaction.
